

# FCA Community Helper

At Faith we encourage all of our students to give back. One of the ways that we are able to achieve this is through our Community Helper Program. Each class Pre-K through 12th grade is matched with a local non-profit. Each quarter every grade Pre-K through 12th completes a service project with their non-profit.

Our elementary and middle school students work with a different non-profit each year. At the high school level our students are assigned a non-profit and they are able to work with the same organization throughout their high school career. Our students look forward to completing their projects and develop a relationships and learn new concepts by being involoved in this capacity.
